Interested in learning how dance provides tangible benefits to people living with Parkinson's disease? This is the opportunity.

Sugar Space Warehouse, Dance Heginbotham, and Grey Matters: Dance for Parkinson's Disease-Utah are uniting forces to bring an innovative and inspiring one-of-a-kind introductory teacher's seminar to Salt Lake City. This exclusive session introduces a framework for designing and delivering movement classes based on the structure and approach pioneered and developed by the Mark Morris Dance Group's Dance for PD® program in New York. The seminar aims to assist dancers, physical therapists, nurses, volunteers and administrators on how to better serve the Parkinson's population in dance activities, and provides a gateway for embarking on additional training through the internationally-acclaimed Dance for PD® training process.

About Dance for PD®

The award-winning Dance for PD® program, celebrating its 15th anniversary, invites people with Parkinson's and their families in more than 120 communities and 16 countries to experience the joys and benefits of dance while creatively addressing symptom-specific concerns related to balance, cognition, motor skill, depression and physical confidence. Please visit www.danceforpd.org for more information.
